DGM (Admn.) Welcomed all the officers of management side and representatives of union side, it is also informed that harmonious relationship between management and union representative of BSNL improves quality of service along with welfare of staff and work together in true spirit for overall growth of the organization.

PGM & the Chairman of the LCM, in his opening remarks, welcomed all the Members from Management side and Staff side and thanked all for maintaining peaceful and cordial atmosphere in HTD, meeting with a common objective of improving the service. He also assured that suggestions which are brought to the notice will be implemented with sincerity and dedication. It is stated that this year the competition is extremely high. Companies are getting closed or merged because of reduction of telecom tariff. Data usage is increased in amongst the four operators. If not given the quality service, customer will churn to other operator.

PGM suggested that the following priorities are to be observed by all staff members.

The main intention of the LCM is sustaining the development while maintaining the harmonious relationship between management and respective associations and unions. The Chairman has suggested the union representatives to get the opinion on the services of BSNL from the employees for improvement of the BSNL as the present financial situation is not good now and we are in very tough competition with private operators, now we are struggling for paying salaries after entry of M/s Reliance Jio into the market, we are not able to give minimum 10 new connections of mobile/FTTH/Wi-Fi connections at present in this tough competition. BSNL was once a Rs. 10,000 crore profit company, previously HTD landline connections are 7 lakhs and overall in AP telecom circle connections are 25 lakhs connections, now landline connections are getting down at the same time our revenue is also decreased, slowly come forward and improve it only from here, we should see that the situation does not degrade from here. Associations and unions contribution is very high, need to motivate all the employees to work.

**Sri. Muthu (Leader) NFTE:**

LJCM meeting is being conducted after 10 months gap; it is needed to conduct this meeting once in every 3 months. Transfers and Postings being given directly by Admin wing and not intimated to us. Transfers should be given with intimation to us, some employees are transferring 15 to 20 kms long, if you are transferred more long it s very difficult to the staff to travel from there to the office.

Some of the BSNL empanelled hospitals are not admitting our BSNL employees in to their hospitals. Mainly Sunshine hospital authorities are rejecting admission to our BSNL employees and simply telling no beds and no equipments. So many employees are going to be retired, remaining staff need to be encouraged but not criticized. Works Committee and Canteen meetings have to be conducted regularly.

**Sri. Mohan Reddy (Secretary) BSNLEU:**

As per the corporate office guidelines, it is to conduct the LJCM meeting once in every three months but it is conducted with delay. Pending points are there from 12<sup>th</sup> LCM, it is much delayed. Underground cable completely damaged. CSC people asking that it is punishment for them to work on second Saturdays also, where as administrative staff are enjoying on second Saturdays. Our intention is transfers and postings are to be discussed with us. Do not criticize the employees who crossed 50 years of age, they are not able to do hard work, their services can be utilized in very easy sections.

**REVIEW OF OLD POINTS****12<sup>th</sup> LCM points :****4(ii) Construction of lift in MBD Xge:****Reply :**

*Necessary Civil Work was completed and the new lift equipment was supplied by the vendor recently. Part of Electrical work was completed. The work is in progress and is expected to be completed by 31-12-2018.*

*Reply: EE (Elec): Lift supply was delayed owing to implementation of GST; one payment was made to the Vendor, another one is pending for payment of Rs.28 lakhs to the vendor of lift supply.*

*G.M(Plg) : MBD Bldg was under road widening owing to Metro Rail works. Hence lift in MBD had to be delayed. It was required then to clarify the issues to M/s Metro rail authority.*

*G.M (Admn.) : We will complete the lift work in MBD TE bldg before 31.12.2018.*

**Closing Remarks of PGM:**

Most of the points are at civil side. Wherever enough tenders we are not getting, that we can try to float again and try to get some contractors, so that we can take up the works because we only decided that those are essential for the staff and we need to complete those works. Again and again float a tender then the contractor is appointed.

99% transfers are based on the rules. We need to follow the rules; one or two cases are only on interest of the services.

Meeting has gone very well in a very cordial atmosphere; he thanked all the members of the LCM meeting.

Vote of thanks was proposed by A.G.M (Legal), O/o PGM HTD.
