All BSNL circles,

Sub: Remittance of Pension Contribution for the period Dec-2011 to Sep- 2014 on maximum of the pay scale of the employees who opted for VRS w.e.f. 31.01.2020

As per prevailing practice, the Pension Contribution for the above period on maximum of the pay scale is being calculated and remitted to DoT for employees who are retiring over next six months.

Accordingly, for VRS optees and those employees who are retiring within next 6 months [in normal case], the pension contribution for the period from Dec-11 to Sep-14 has to be worked out on the maximum of the pay scale and then processed in ERP along with the pay for Jan-2020.

Accordingly the Circles are requested to calculate the difference of pension contribution amount for above period and input the data in ERP while processing the Jan-2020 pay. The activity must be completed by 22nd Jan 2020 if not already done as the pay will be processed on 25th Jan 2020.

This is issued with the approval of Sr. GM(CA).
